REMARKS

Finally, claims 9, 23 and 25 are rejected under 35 U.S.C. 103(a) as being unpatentable over any one Hammonds, Brandeth, III, Watson, Mackey and Lewis.

It is also noted that the Office allowed claims 1-5 and 15-19.

Objection

The Office objected to the specification and more specifically noted that on page 2, line 8 of the specification, the question marks should be replaced by the serial number of the application. In addition, the status of each application must be provided immediately after the filing date.

The Applicant added the aforementioned information and these changes are reflected in the attached version of amendment. The Application also corrected a typographical error on page 2, line 10. Specifically, serial number 10/632,682 was corrected to 10/623,682. It is submitted that the objections have been overcome by the amendments.

The Office allowed claims 1-5 and 15-19 and the Applicant canceled rejected claims 6-14 and 20-27 as reflected in the marked up version of the amendment accompanying this response. A notice of allowance is respectfully requested.

Respectfully submitted, JACOBSON AND JOHNSON
